Dear Students,

Shortly after school resumed last fall an annual staff of twelve members was chosen. Probably a greener staff has never been known! During the construction of the Thunderbird we were, at the same time, gaining our first experience at "annual making." Many hours of concentration and effort, hectic typing, cutting and pasting (not to mention hasty erasing of assorted typing errors, paste smears, and ink blots) have passed since the 1955 Thunderbird began.

And now we are happy to present to you our annual, as a means of preserving this one short year in your memory. May it bring back many happy moments you have experienced during your days in Browns Valley High School.

# HISTORY

## FRESHMAN

It was the September of 1951 that 28 wide-eyed Freshman entered the hallowed halls of Browns Valley High School to begin four years of study. In the midst of our confusion we were promptly initiated by the Seniors. Our first step was to elect class officers. Marlys was chosen President; Lois, Vice President; Janet, Sec.-Treas. Mr. McDonald served as our advisor. Jerry, Wayne and Armin were out for football. Gene, Everett, Wayne and Dennis played basketball. Janet was cheerleader. Marlys, Joyce, Bill and Helen added their mellow notes to the band. 15 of us sang in the Mixed Chorus. Arlen, Gene, Gerald and Jerry were on the track team. The baseball team had Gene and Bill on their side. Marlys and Janet were on the newspaper staff. Helen and Marlys went out for speech. Everett and Helen represented us in Student Council. We chose for our Carnival King and Queen candidates, Wayne and Helen. Geraldine was our choice for Homecoming Queen.

## SOPHOMORE

We began our Sophomore year with 26 in the class. Verna Egan, Barbara Minder and Jennings Johnston left us while Georgiana Birchem transferred from Hankinson, N.D. Class officers were: Marlys-President; Jerry-Vice President; Janet-Sec.-Treas. Mr. Lindquist guided our eager minds through the year. We added our little bit to Freshman Initiation by making Sophomore Pep. Jerry, Everett, Gene, Wayne, Armin and Arlen played on the basketball court. Six boys played football. Jim served as student manager. For the baseball team we offered Gene, Bill, Everett, Dennis and Jerry. Five boys were out for track. Marlys, Helen, Joyce, Bill, Gene, Janet and Everett made music with the band; 15 of us sang in Mixed Chorus. Janet and Marlys were cheerleaders. Jerry and Marlys represented us in Student Council. Helen and Marlys were on the paper staff; Marlys helped with the annual. With the classes hard and loyal work, Jerry and Marlys were chosen King and Queen of the Carnival. Helen was our Homecoming Queen candidate.

## JUNIOR

We entered our Junior year with Mrs. Smith as our advisor. Marlys was again chosen President. Everett was our Vice President. Janet was Sec. and Joyce served as Treas. Georgiana and Christine left us. Germaine R. started but dropped out during the year. This left us with a total of 23 in the class. Jerry, Ronnie, Bill, Armin and Gerald played football. 7 boys stuck by basketball. Jerry, Gerald, Ronnie and Virgil were on the track team. Wayne was their student manager. Janet and Marlys were cheerleaders. 7 of us played in band; 17 of the class added to the Mixed Chorus. Jerry, Marlys and Everett took our problems to the Student Council. Five of the fellows sang in Boys Octette, while eight of us sang in our classes Octette. Carnival King and Queen candidates were Janet and Arlen. We presented our class play, Adam's Evening in December. Joyce went to Girls State. In February our class rings shown on our hands. One of our class activities was a magazine sale of which we made a hugh success. We completed our Junior year being hosts at the Junior-Senior Prom. The gym was decorated in an elaborate theme of "Stardust."

## SENIOR

We stepped into our Senior year proudly. We were finally nearing the end of our High School days. We elected Jerry as our President; Wayne, V. President Marlys, Sec. and Janet as Treas. Mr. Bambenek was our advisor. We were unfortunate to lose Cleon. This gave us only 22 in the class. We promptly initiated the Freshman showing little mercy. In Oct. Helen was chosen Homecoming Queen, reigning over all festivities. Janet and Marlys were again chosen cheerleaders. Jerry, Gerald, Armin and Ronnie played football. Participating in basketball were Dennis, Gene, Arlen and Everett. Wayne was student manager. Three boys joined the wrestling sport and 5 of the fellows took part in Track. Out for baseball was Gene, Bill, Arlen, Everett and Dennis. Seven of us played in band. The Mixed Chorus was blessed with 16 of our golden voices. Janet, Marlys and Geraldine sang in Girls Sextette. The same 8 people sang in our Mixed Octette. We offered 5 for the Boys Octette. Jerry, Marlys and Everett (Pres.) represented us in Student Council. 6 of us were on the annual staff; 8 on the paper staff. In December we presented our class play, "The Man on the Stairs." Geraldine, Janet, Helen and Wayne were in One-Act play. Wayne was in speech. May 13 we left on our Skip Day. Winnipeg, Canada was our destination. Baccalaureate was the 22nd of May. We graduated on May 27th.

And so ended the first real accomplishment of many in our lives. We may

never all be together again, but I'm sure we shall think back many times with fond memory of our High School days.

We are indeed proud to be graduates of 1955.

## PROPHECY

Graduates of 1955 and friends, it is with great pleasure that I am with you this day. I have come thousands of miles at your request and it is indeed an honor to offer my service to such an outstanding class. For years my crystal ball and I have been shining a light into the future to see what life has in store for people. And now that these young people are ready to venture into the world, let it be for their benefit that they may know what the future years will bring to them.

A faint light is appearing in my crystal ball. This tells me that the magic spell is about to come over us. Oh yes, it comes to me clearly now....

It is the premier to a stage show and there are thousands of people present. The crowds are so large that it is very difficult to distinguish any certain individual but the spot lights are turning now and they shine down on a very attractive blond. Being introduced as the academy award winning star of the year, she arises. Her smile, the smile of a star, leaves us in suspense no longer. It belongs to none other than our own Helen King. As the thunderous applause continues the crystal ball switches to another part of the world....Paris, the city of beautiful women and music. But as we near the Conservatory, I see it is the latter we are concerned with. Among the famous teachers and composers listed in front of the building, the name "Wm. Mozart Lehrke" is being inserted as the latest musician of his day. The sound of his famous orchestra, "Bill and his Beebops" can be heard now, and as much as I would enjoy listening, we must continue on.

The crystal is growing very dim for the tale it has to tell now is a very sad one....It seems Jerry Hess has spent his entire life deciding who should be his life's companion. But now he sits in his bachelor apartment answering the problems of the lovelorn. He has a feeling of gratification for his past experiences which influenced him to chose the more peaceful side of life. The smoke from Mr. Hess's pipe has filled the crystal, but as it clears I find we are on a farm on the outskirts of Browns Valley. The name, Kaufman Bros' is printed on the silo. Two of these brothers, Armin and Virgil, came from your class. Their hard labor has made the Kaufman farm the most prosperous in South Dakota. Seated in the window of the house, the former Geraldine Hein, who has recently joined the Kaufman family, is conversing with her brother, Gerald, financer and part time manager of the farm. The rest of the time is spent on his milk route. (He didn't want the profession to get out of the family.).....The crystal ball is again showing familiar scenes around Browns Valley. We see a businesslike personage, none other than Glenn Ewald, on his vast apple orchard busily loading boxes and crates of fruit. No swings of dolls can be seen so we must conclude Glenn still spurns the fairer sex.....Another scene of Browns Valley slides silently through the crystal ball. I see a familiar figure jump from the drivers seat of the inter-city bus which runs from Browns Valley to its suburb, Beardsley. Harry Finley never did lose his knack of economizing and making ends meet.....On a side street, the scene rests on a car of unknown model and make. As the object becomes clearer, I can see a pair of booted feet protruding from under it's side. Soon a person smeared with grease and soot emerges. It isn't hard to detect him as Dennis Johnson. The shop nearby tells me by its sign, he is the creator of midget cars and souped up racers.....From Browns Valley our crystal ball takes us to a distant city. Here I am looking down on the crowded streets of Chicago. There is quite a commotion of honking horn, the waving of banners and the noise of cheering crowds as "Honest Ev" Randall steps from his convertible to be interviewed after being the winning candidate for a high office. From the steps reporter J. L. Moeller of the Chicago "Complainor and Inquisitor." Before flashing cameras and cheering crowds, the two notables enter the nearby convention hall. There seems to be a delay. Everyone is waiting and watching the door. Soon an efficient and well-dressed young lady enters the hall. She has shaken hands with the other officers and now Miss Schiefelbein takes her place as Secretary of the first meeting of the "Repubicates.".....There is one more flash, that of the crystal ball changing it's scene from Chicago to a

Compliments of  
Stortsteen Chevrolet

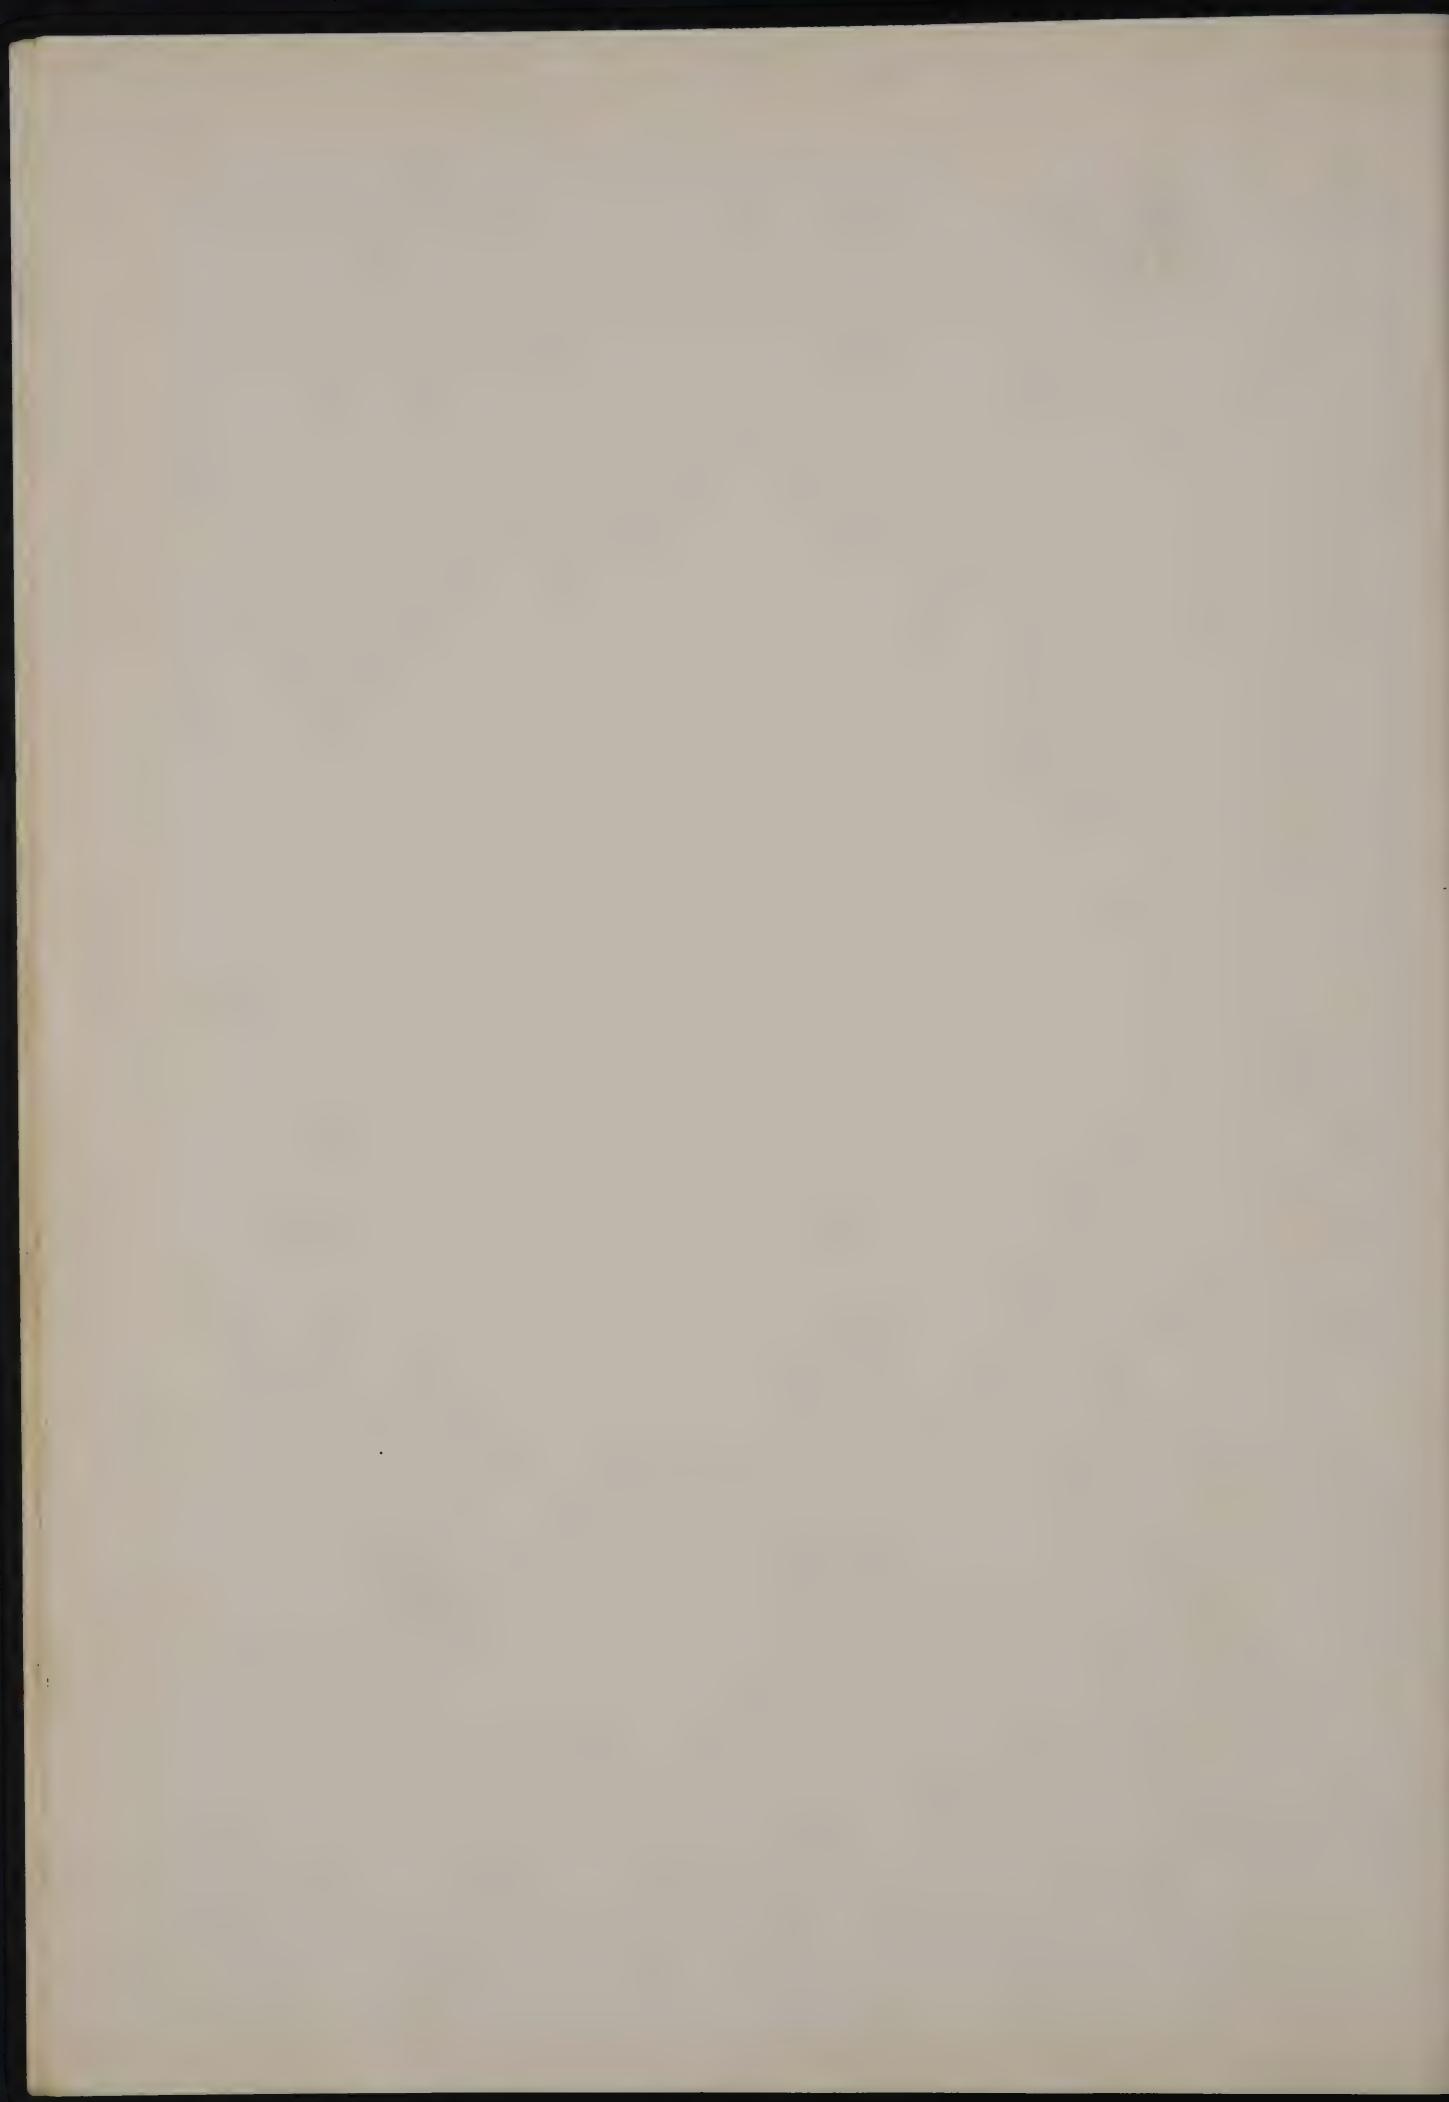

foreign land. Here a troop of American soldiers are stranded, many wounded and homesick. In command of this troop I see General Gene Nelson quite calm and collected reading up on his latest edition of "How to Get to Mars in Three Easy Lessons" as Lieutenant Joyce Giedt is busy giving shots, smiling and encouraging them. Marlys Lindsay, very capable in her nurses uniform is aiding a group of men just removed from the rescue plane piloted by Arlen Schulz, an ace of many years service. In addition to their other troubles, they are having difficulty getting their airplane repaired as the mechanic, Sergeant Ronald Anderson has been wounded.....everything has turned out for the best..... The plane has been reloaded and now they are all safely flying towards the United States....In the states abain the crystal rests on the home of the former Lois Pieclowski at Fairmont North Dakota where a big social event in honor of Miss Irene Hanson is in full swing. Miss Hanson has just returned from Paris where she has completed her final course of schooling and now is preparing to set up her own hair salon specializing in the latest styles....As Lois turns her new 31 inch screen television set I can see the fans are in for a big surprise. The years have put many wrinkles on the face of the famous comedian, "Groucho" Marx and now his program portrays a new face. As "Smiley" Westbrock leaves the air, and his fans with aching sides he has taken his first step toward success in the entertainment world. Before the party breaks up, Ronny Witte, the manufacturer of Ronnies Ice Cream and Dairy Products delivers the refreshments.....

My crystal ball has grown very dim, my friends, but before we depart it still has to say there is much happiness, good fortune and good health in store for the graduating class of 1955.

## LAST WILL

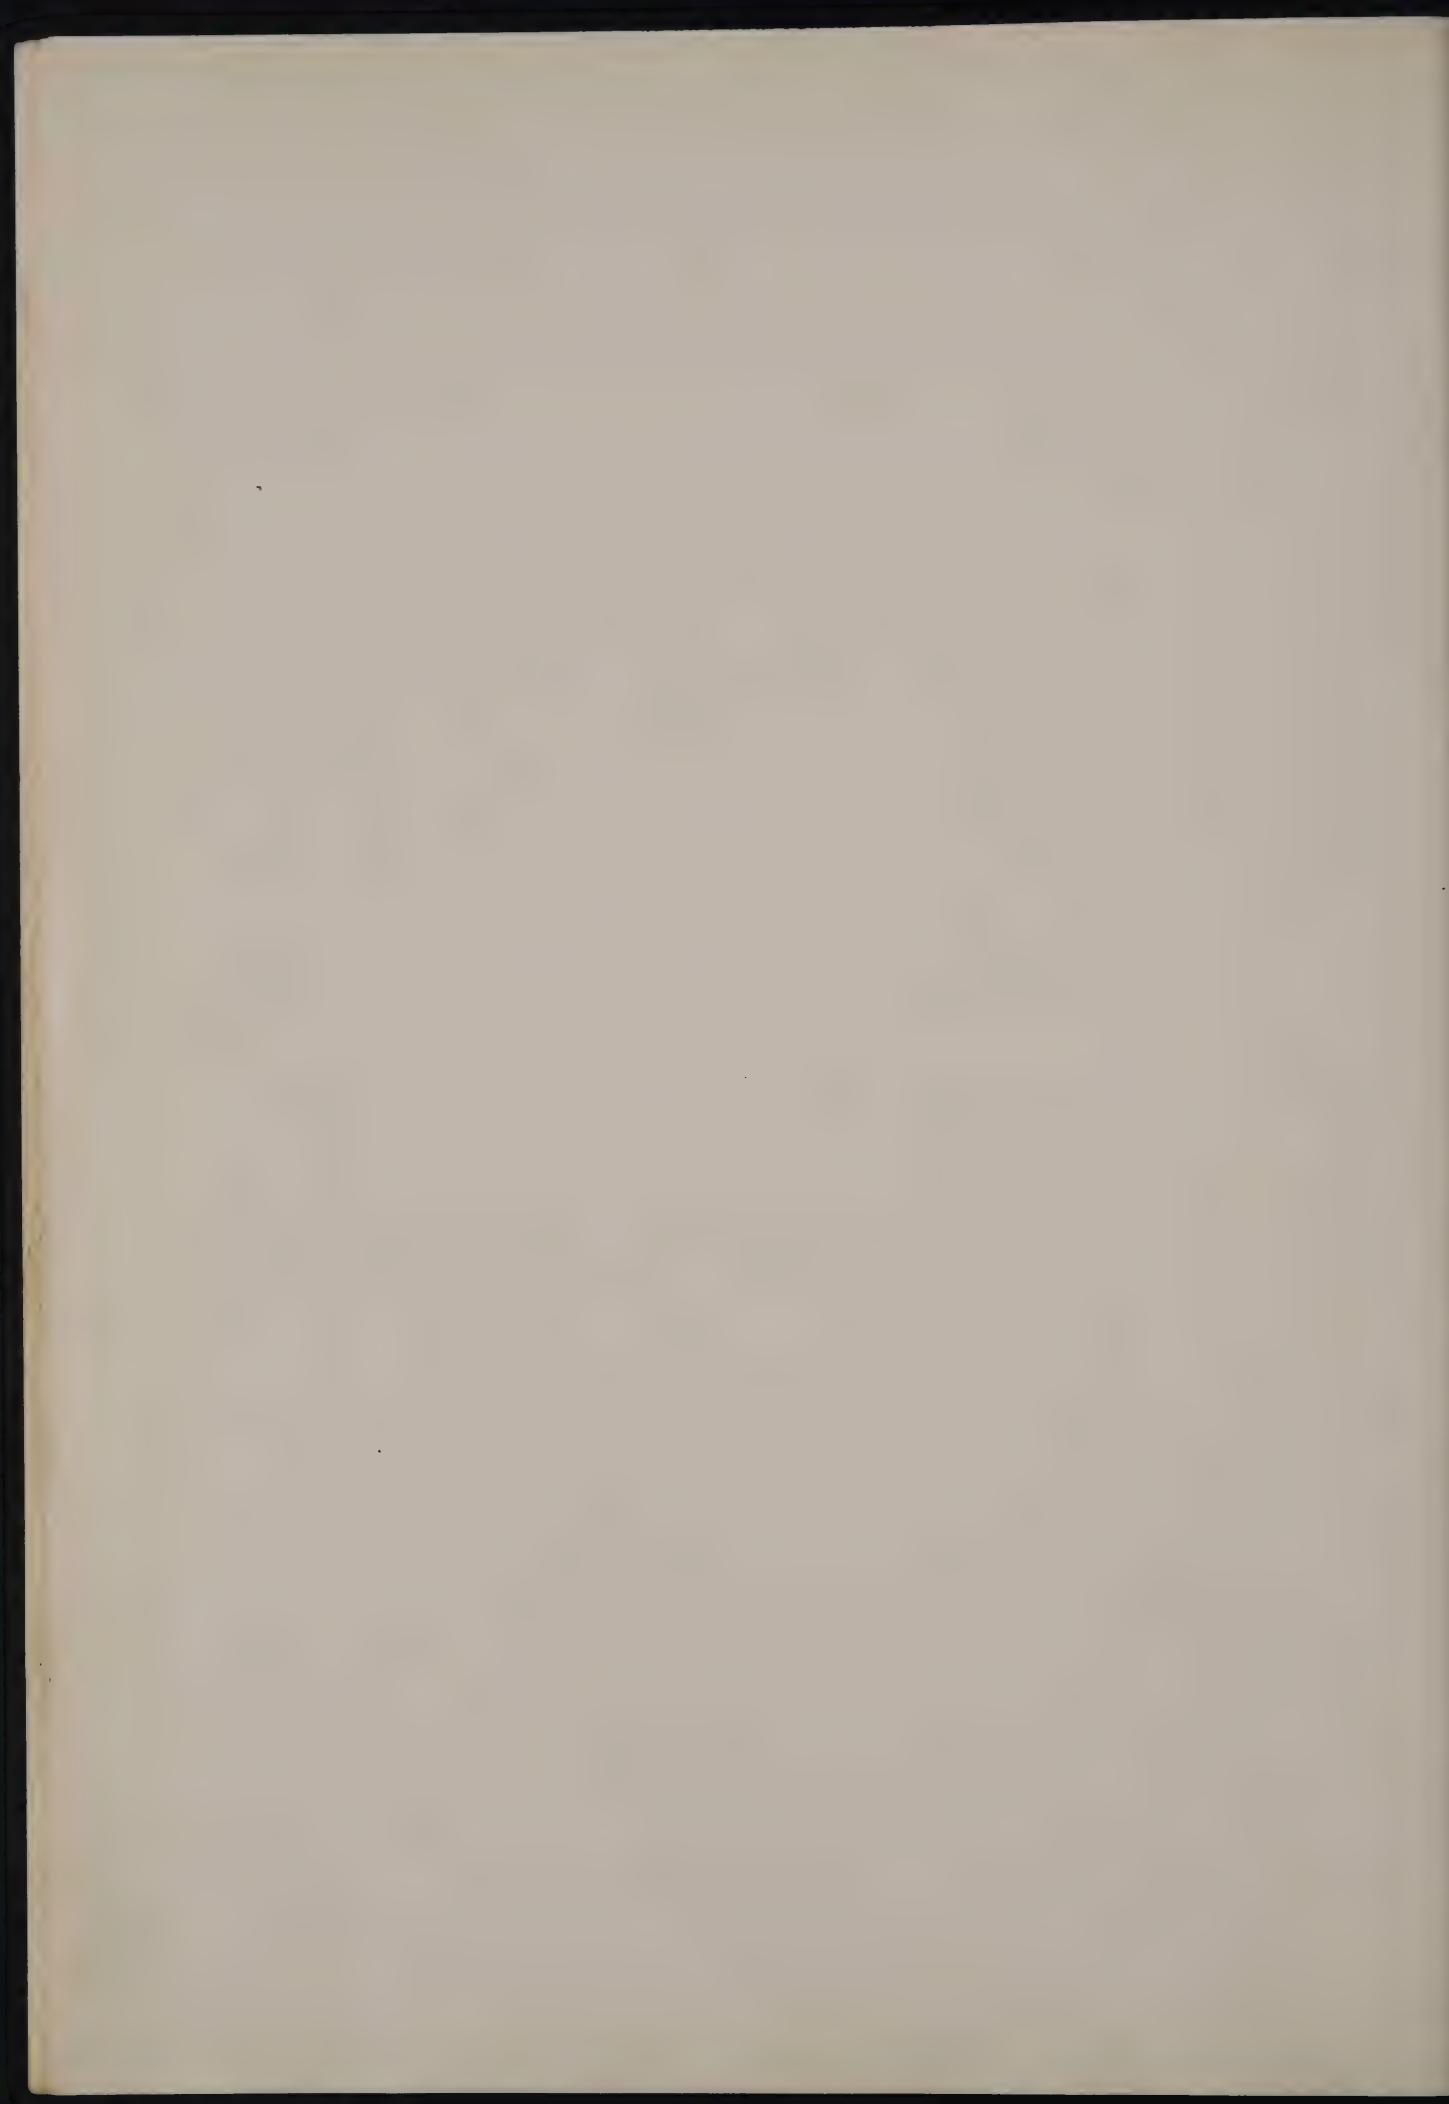

We, the Senior Class of 1955, being of sound mind and sounder body, do hereby declare this document, our last will and testament.

- ARTICLE I Our first benefactor, Glenn Ewald, after scrutinizing Gale Despeiglar, wills "Tuke" his own charming, wide-eyed personality.....on condition that "Tuke" never, never soil the wings or tarnish the halo that accompany Glenn's bequest.
- ARTICLE II Geraldine Hein, upon deciding to make the supreme sacrifice, is going to reveal to Blanche Harrington her exclusive man-catching formula. This one, too has a condition, Blanche must promise to never reveal it to another living soul. It's just to potent.
- ARTICLE III Duane Labs is to be the recipient of Bill Lehrke's most cherished possession, his job in the dance band. The money and girls Bill has accumulated do not go with this, however. Duane will just have to acquire them on his own.
- ARTICLE IV Jim Moeller, observing that Theresa Roerig is too well adjusted to school, is planning to pass on his hatred of it to her to see how miserable she can make it for the rest of us. (Jim certainly made use of this talent during his stay here.)
- ARTICLE V Gene Nelson, another Senior with talent to spare, has decided to keep it in the family. So to his beloved brother, Gary, goes his ability to talk fast and furious on any and all subjects. Let's hope Gary doesn't develop a permanent case of laryngitis from over use of this ability.
- ARTICLE VI To Donna Opsal, Helen King wishes to leave a small portion of her brain so Donna needn't have such a tussle with History in the future. We've asked Helen to hang on to all her forgetfullness which so nearly drove us mad.

- ARTICLE VII Ronnie Anderson, upon hearing that Donnie Bangle is taking Bookkeeping next year, is passing onto his cousin his brown-nosing ability in hopes that Donnie will be able to disrupt as many classes, do as little work and manage such good grades.
- ARTICLE VIII Joyce Giedt is investing her talents upon Sharon Duehr, as she realized it as something a farmer's wife should have. What do you think Sharon? Hmmmmmm!
- ARTICLE IX Arlen Schulz is leaving his baseball ability to Darrel Spinler. Darrel should keep in mind that he must never fall asleep on the job - just look that way!
- ARTICLE X Lois Piechowski leaves to Patty Piechowski a virtue of much importance...the patience she has acquired toward people who can't pronounce or spell Pickle ---Pich -- well that last name of hers.
- ARTICLE XI To Orville Larson, Wayne Westbrock leaves his files on girls. This includes several hundred case histories and conclusions on each. With such strategic information, "Scratch" should blossom out into quite a lady-killer!
- ARTICLE XII Harry Finley found Dorothy Plant most needful of his uncanny talent...his driving skill. This should relieve Dorothy's Dad of the hugh expense of replacing smashed windows, bashed bumpers and any other squeaks and dents that accumulate after her use of the car.
- ARTICLE XIII Dennis Johnson upon noting David Pitzel's incessant reading habits is bequeathing him his collection of reading material. This includes all of his Tarzan, Dick Tracy and Mickey Spillane volumes. He is retaining, however, the trunkful of letters with a California postmark. He feels David isn't ready for that sort of reading.....yet!
- ARTICLE XIV Gerald Hein tearfully turns over his overwhelming love for South Dakota to Darlene Engle if she promises on her word of honor never to be disloyal to that glorious state or any objects therin.
- ARTICLE XV To Dick Whelan, Jerry Hess unselfishly gives his smartness and also the ability to solve Chemistry problems by multiplying the temperature of the Chemistry room times the number of digits in the problem and getting the right answer. This unusual ability saved Jerry from many long hours of study. May it do as much for Dick.
- ARTICLE XVI Armin "The Physique" Kaufman is cheerfully passing on to Dean Goehring his set of barbells and his "Dynamic Tension" booklet in hopes that Dean can develop some muscles other than those in his head.
- ARTICLE XVII To Patti Duffield, Janet Schiefelbein leaves her sultry looks and personality. To off set this valuable gift, she is also passing on her habitual tardiness so Patti can continue to frustrate the teachers as Janet did.
- ARTICLE XVIII Virgil Kaufman, hoping to insure Loretta Starr a pleasant school year next year, is leaving her a years supply of fresh chewing gum. He hopes that she will make full use of this gift by chewing it loud and long with frequent crackling and popping as Virgil did. It seemed to taste better that way.

Compliments of  
Art Duffield - Insurance Agent

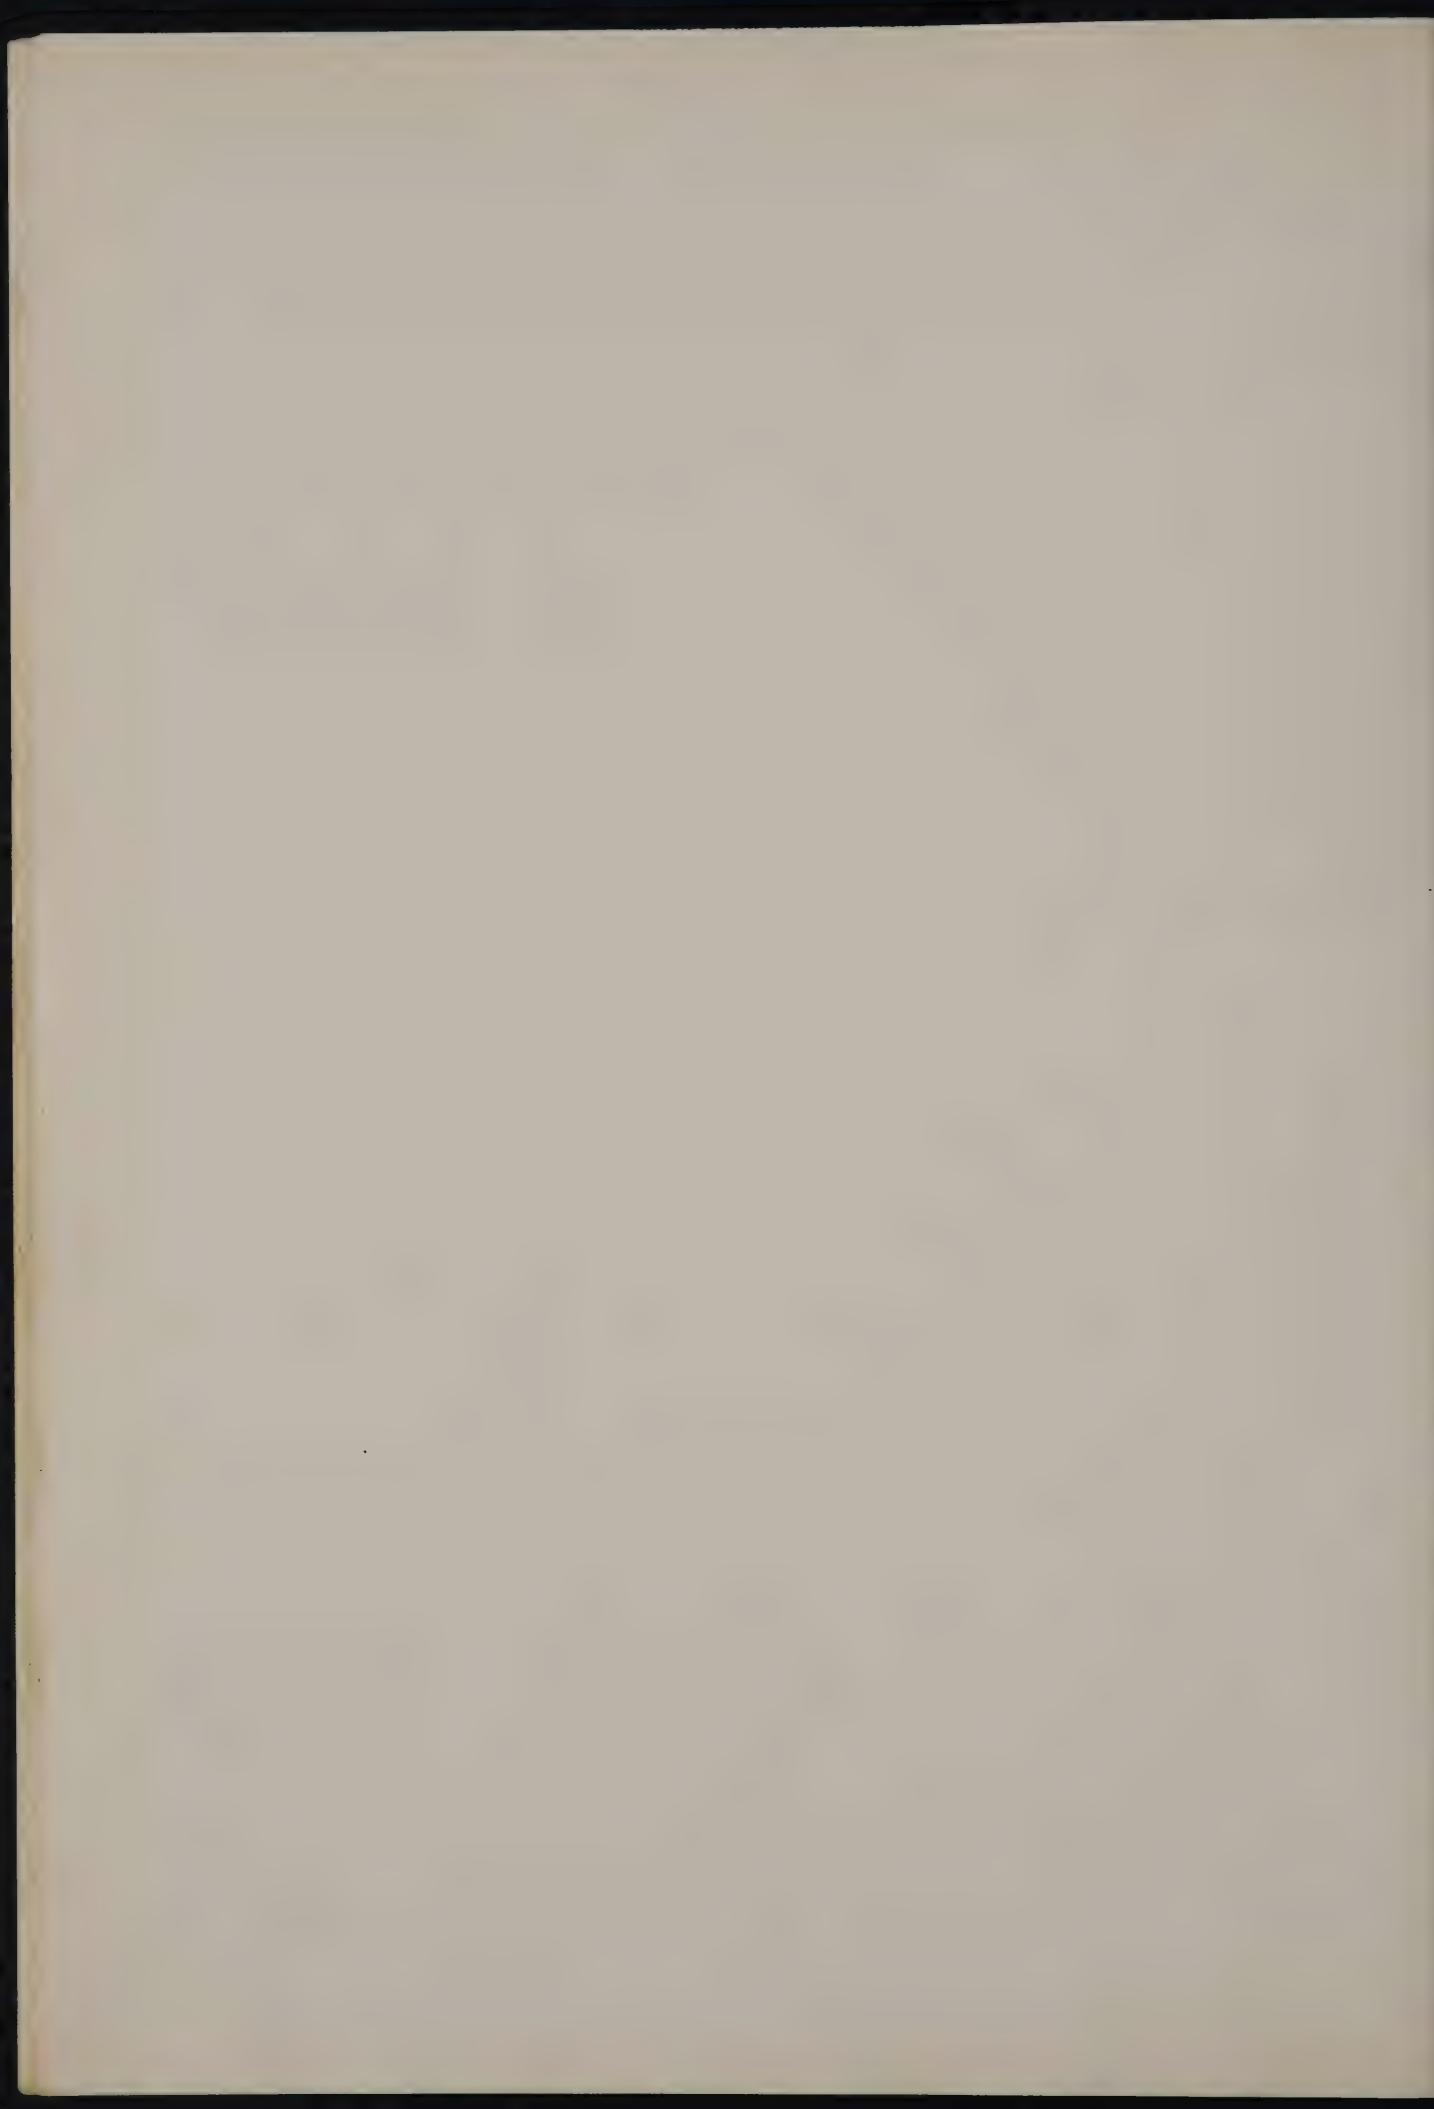

- ARTICLE XIX Marlys Lindsay at first refused to leave anything, especially not her over-used constitutional right to gripe! But instead she is proposing a delayed gift for Donna. She promises to give to Donna the second millionaire she meets. The second, mind you....she's going to hang on to the first one she finds.
- ARTICLE XX Everett Randall, upon completion of his high-school career is willing his personal effects to his beloved brothers. To Bill goes the use of the car and the charge account used for buying gas. To Wayne he leaves the remains of his toboggan, ice skates and any accumulated junk he thinks he'll have use for.
- ARTICLE XXI Ronald Witte's chief talent is to be passed on to Jack Negaard. His entire repertoire of bird calls, wolf whistles and assorted groans and growls are sure to make Jack a social success. Ron cautions you, Jack, to never disrupt any classes with your talents. That would be unthinkable wouldn't it Ron?
- ARTICLE XXII Last but not least Irene Hansen comes forth with a gift. To Connie Pederson and Thalia Duffield she is leaving her ability to catch only a couple hours sleep and still make it to school. Better not over-use this, girls, as we noticed Irene was even weakening toward the last!
- ARTICLE XXIII To whoever wants them, we leave our comic books, love letters, tacks, spit wads and love notes that so enlivened our stay here
- ARTICLE XXIV To our former teachers we leave our heartfelt thanks for putting up with our frustrating class meetings, haphazard skits and floats, boisterous classes and memories of our unforgettable plays and prom. These past experiences were only a growing up process we went through until we attained our adulthood. Ahem!
- ARTICLE XXV To next years Seniors we leave our numerous attributes; our conceit, our handsome looks, our intelligence, our charming personalities and above all -- our broad minds in hopes that you can endure next years Juniors.
- ARTICLE XXVI To the student body we leave sincere wishes for an enjoyable school year next year....If you can get along without us, that is!

Signed and sealed on this 27th day of May, in the year of our Lord one thousand nine hundred and fifty-five. In witness thereof we have affixed our signatures:

I haven't anything original  
to write so I'll just sign

I'm not going to address you cuz which of the nicknames would I use. I sure couldn't be formal and say Lois. That just wouldn't be normal but then of course when have I been normal. Course I never flirt like you do. I just haven't got the ole shack. You'll have to teach me some day. (Hm)

That would we do without each other. Can you imagine never getting into trouble. Shouldn't that be original.

Hi Lois

I've had brain? to another.  
I've had lots of fun this  
year. Played our baritone da-da  
Remember Colleen's shipper and  
your gun that stuck Vannie and  
me together. Bell's about to ring  
so I'd better say off.
